UNIVERSITY COLLEGE LONDON

Institute of Child Health

Masterclass in Advanced Paediatric Laparoscopic Surgery

Monday 15 – Wednesday 17 April 2002

This is an intensive course covering lectures on a range of procedures including thoracic abdominal and urology. There will also be direct live telecast of selected procedures, with a two day audio link to allow live interactive audience participation. Faculty includes Peter Borzi from Brisbane, Keith Georgeson from Alabama, and Edward Kiely from London.

Fee: £595

Revision Course in Paediatric Cardiac Surgery

Monday 29 – Tuesday 20 April 2002

This course is specifically designed to cover the curriculum laid down by the Royal College of Surgeons of England to encompass the knowledge required for the Final Fellowship examination in cardiothoracic surgery. All aspects of the subject will be fully covered, with the morphological sections demonstrated using permanent specimens displayed using closed circuit television.

Fee: £350

Simpson Smith Symposium

Thursday 30 May 2002

This is an annual symposium, incorporating a memorial lecture delivered by a distinguished surgeon on a current topic of interest. Topics in previous years have included, amongst others, controversies in paediatric surgery, urology, nephrology, gastroenterology, physiology of the newborn surgical infant, hepato-biliary-pancreatic conditions, respiratory and nutritional problems in paediatric surgery and problems of intersex. The topics for 2002 will be announced in due course.

Fee: £105

POINTING THE WAY TO PRECISION WORLDWIDE

All over the world, surgeons and medical practitioners appreciate the consistent quality and precision of Swann-Morton surgical blades and scalpels. With a network of agents and distributors covering the globe, Swann-Morton top-quality products can be accessed at any point of the compass.

As well as its comprehensive standard surgical ranges, the company also produces a 'Major' Orthopaedic

range, a 'Fine' range, 'Minor' disposable scalpels, and specialised blades for myringotomy, cervical biopsy and skin graft. Where appropriate, products are sterilised using the in-house facilities of Swann-Morton (Services) Ltd.

Wherever you are in the world, make Swann-Morton your point of reference for your surgical blade requirements.

All blades and handles are manufactured in Sheffield, England
